AIDS TO NAVIGATION
 Consult U.S. Coast Guard Light List for supplemental information concerning aids to navigation.

CAUTION
 Uncharted obstructions may exist in the area of this chart. For a submarine cable and other information, consult the Hydrographic Information concerning the regulations. An updated Office of the Commander, U.S. Coast Guard, Alaska, is available at the Coast Engineer, Corps of Engineers in Anchorage, Alaska.

ADDITIONAL INFORMATION
 Additional information concerning this chart, including a list of cable owners and members of the North American Submarine Cable Association, is available on the NASCA website.

CAUTION
 Radar reflectors have been placed on many leading aids to navigation. Individual water reflector identification or these aids has been omitted from this chart.

CAUTION
 Temporary changes or obstructions in aids to navigation are not indicated on this chart. See Note below to be aware.

CAUTION
 The hydrographic information on this chart is based on the North American Datum of 1983. Geographical positions referred to in the North American Datum of 1983 do not require conversion to NAD 83 for plotting on this chart.
